Course Description
World History is a survey course that examines the history of civilization from ancient to modern times. We, as a class will study the culture, government, technology, and religion of many historical societies. Difficult and controversial subjects are inseparably connected with the study of history. Many of these topics will be discussed in this world history class. Over the course of the year students enrolled in the course will develop quality study skills, the ability to write well, and an understanding of the events and people that have shaped the world we live in.

Notes
Students will be required to take notes during class. The notes should be formatted to meet the format guidelines established by the Hillcrest Social Studies Department.

Late Work Policy
Students will be required to complete a variety of assessments, both in class and at home. Points for assessments will be weighted on completeness and quality. It is vital for the student to succeed that he/she finish and turn in assigned work on time. All work will be accepted until the Unit test. After the unit test, no late work will be accepted. Students must wait ONE week after taking the test in addition to completing the retake assignment before being allowed to retake the test. They will have ONE week to complete the retake. The one week waiting period maybe waived at the teacher discretion. No assignments or work will be accepted after the end of the quarter.
