**Grading**

- 60% Tests
- 15% Quizzes
- 25% Assignments

All student work will receive a grade between 0 – 4 based on mastery and completeness. The overall grade will be an average of all scores. The student grade in Skyward will show a percentage that correlates to the letter grade as seen in the table to the right.

**ATTENDANCE & APP**

- Regular classroom attendance is critical to student success and nothing can replace the classroom experience. Students and parents should make school attendance a high priority. APP is a scheduled time each day for students to get academic support-get help completing assignments, retake assessments, etc. Students can also use APP to make up worked missed due to an absence.

**LATE OR ABSENT WORK**

- Course work needs to be completed by the stated deadline.
- All work for a unit must be completed before the unit test.
- If a student is unable to complete work within the given time, they are expected to attend APP or before/after school to make up the missing work.

**ASSESSMENT RETAKES**

- We believe all students need to make every effort to be ready for all quizzes and tests the first time; the process involved to retake assessments is lengthy and time consuming.
- If a student doesn’t show an acceptable level of understanding on an assessment, the student will need to attend APP or before/after school time to demonstrate to the teacher that they have improved their understanding, before retaking an assessment.
  - Complete or fix unit tasks, homework assignments & unit trackers
  - Analyze incorrect assessment answers to learn from mistakes
  - Complete additional practice problems

**HOMEWORK**

- Students will have assignments to complete outside of regular class time. They will consist of problems that will reinforce skills learned in previous weeks or months. Students are expected to be able to complete these assignments without assistance. If parents are noticing that their student doesn’t seem able to complete the assignments, the following resources are available:
  - Attending APP to get help from the teacher
  - Attending tutoring before or after school to get help from teachers/classmates
  - OPTIONAL: Online resources through MVP at rsgsupport.org for a small fee

**TASK COMPLETION AND NOTE TAKING**

- Students are expected to be active learners! This requires active engagement with task completion and group discussions which includes taking proper notes about the discussions and follow-up lessons.
Mrs. Bradshaw’s Secondary 1 Math Class

CLASSROOM EXPECTATIONS AND RULES

Teacher agrees to:
1. Be PRESENT in class every day.
2. Have a positive and respectful attitude.
3. Have good lessons prepared every day.
4. Give constructive feedback on graded work.
5. Update skyward within 48 hours of receiving work.

Student agrees to:
1. Be PRESENT in class every day.
2. Be respectful to teacher and all classmates.
3. Complete work on time for the purpose of LEARNING.
4. Keep cellphones stored in the calculator box until the end of class.
5. Use classroom technology appropriately.

Students not following the classroom rules may encounter office referrals, behavior contracts, and lunch detention.

CELLPHONES

When a student enters the class, they will take their numbered calculator from the box and place their cellphones in the slot. Students will not be able to access their phone during class minutes. Parents: If you send a text, they will not be able to respond until class is over. If parents have an emergency situation, they should call the main office to contact their student.

HALL PASS

Students are expected to remain in the classroom for the entire class period. If a student has a valid reason to leave the room, a hall pass is required. Students are expected to be respectful in the halls and to return quickly to the classroom. Students unable to use the hall pass responsibly will have limited or restricted use of the pass enforced.

SUPPLIES

Students are expected to have a pen or pencil and their math notebook in class every day as well as a binder to store their completed tasks, assignments, and the unit tracker.

SKYWARD

Students are expected to check scores in skyward. Skyward is updated regularly. If you find an error, send an email or bring evidence of the mistake to her as soon as possible.

COMMUNICATION

The best way for parents to reach Mrs. Bradshaw is through district email, Erika.bradshaw@canyonsdistrict.org. Mrs. Bradshaw does not check her district voice mail regularly. I will communicate deadlines and other information to parents through skyward alerts that send mass emails. It is important that you have an updated email in our system. I will also communicate with your student through the remind APP-see below, this is not mandatory but very helpful. You can also add yourself as a parent connected to that student and see all the information they receive.

If you have a smartphone, get push notifications.

On your iPhone or Android phone, open your web browser and go to the following link:

rmd.at/brads1

Follow the instructions to sign up for Remind. You’ll be prompted to download the mobile app.

What if you don’t have a mobile phone?
Go to rmd.at/brads1 on a desktop computer to sign up for email notifications.

If you don’t have a smartphone, get text notifications.

Text the message @brads1 to the number 81010.

If you’re having trouble with 81010, try texting @brads1 to (385) 218-6778.

* Standard text message rates apply.
Math is wonderful! In this course we will continue to focus on learning the core curriculum that has been established by the state of Utah. In terms you are more familiar with, Math 2 mainly focuses on the topics covered in Algebra 2 and a little bit of Geometry.

**Grading**
Grades will be based 70% on student concept mastery on assessments and 30% of their grade will be based on assignments and preparation. Grades may be kept in Canvas and Skyward.

**Late Work** will be accepted until the end of the current unit.

**Absent Work**
If you are absent if is your responsibility to get your missing work. You can come see me before or after school, during APP, ask a friend in the class for a copy of the notes you missed, and check Canvas. Copying anything other than notes is considered cheating and will not be accepted on the retake form.

**Retakes**
Students learn at different rates and all I care about is that the learning happens. Students will be able to redo assessments and assignments to improve their score. It is your responsibility that you come in during APP for the retakes. You must complete the check list and conference with the teacher before you will be allowed to retake any tests. The teacher may limit the retake-window based on content. No retakes are allowed on all finals. **No Extra Credit.**

**Hillcrest High School Rules and Expectations**
1. Huskies always remove hats and follow the dress code.
2. Huskies always eat lunch in designated areas and keep halls and restroom clean.
3. Huskies always attend class on time, all the time, and never sluff.
4. Huskies always show respect to and expect respect from all adults.

**Follow the Rules to Earn Rewards**
1. Positive note home.
2. Positive phone call.
3. Class rewards.

**Consequences for Not Following the Rules**
1. Verbal warning.
2. In class isolation.
3. Personal behavior contract.
4. Lunch detention and/or office referral.

**Cellphones**
When a student enters the class, they will take their numbered calculator from the box and place their cellphones in the slot. Students will not be able to access their phone during class minutes. Parents: If you send a text, they will not be able to respond until class is over. If parents have an emergency situation, they should call the main office to contact their student.
Course Expectations:
This course is required to graduate from high school. To earn graduation credit, you must earn at least 60% in all four quarters. To ensure credit is earned, students are expected to:

- Be in class regularly and on time.
- Work with effort during each class session and in small groups.
- Use your personal technology appropriately.
- Be kind, respectful, and considerate towards the other members of the class and me. Just as I expect only the best from you, I want you to expect the best from me.
- Come for Academic Preparation Period if additional help is needed.
- A lot of material is covered in this course and it is crucial that student’s stay caught up on assignments. In order to master the Math 2 course material, students should be spending at least 20 minutes after school (per school day), AND at least 30 minutes every weekend, working on their Math 2 homework. Homework should be prioritized in the following manner: Practice, reviewing notes, and test and quiz corrections.

Students will need for class each day:
1. A binder to organize daily notes and assignments.
2. A pencil for daily quizzes, notes, and assignments.
3. Calculator. We have a classroom set of TI-84 calculators for your use but they must remain in the classroom. Desmos is available for home use as a phone app or online.
4. A red or blue pen for corrections.

We will not be using a course textbook. The binder you will create will hold everything you will need to complete coursework and study for quizzes and tests.

Students are expected to stay in the classroom for the entire period. Use of the hall pass will be for emergency situations only.

Communication-
The best way for parents to reach Mrs. Bradshaw is through district email at erika.bradshaw@canyonsdistrict.org. You may also contact me by office phone 801-826-6112. I will communicate deadlines and other information to parents through skyward alerts that send mass emails. It is important that you have an updated email in our system. I will also communicate with your student through the remind APP-see below, this is not mandatory but very helpful. You can also add yourself as a parent connected to that student and see all the information they receive.
