(AP) Academic Preparation Period: Student will re-take test, get extra help, review rules, listen to announcement, and attend study hall additional student times are Monday, Wednesday, Friday from 7:00 am -7:45 am in room G105.

We would like driver’s education to be a positive experience. We do not expect, in the limited time available, to develop the student into an experienced driver. The purpose of the course is not to just obtain a driver’s license, but through carefully guided practice, to teach fundamentals of vehicle operation and lay the foundation for a sound understanding of traffic laws and regulations.

We will provide organized instruction in the fundamentals of driving, however, in the short time of our course; the students cannot be expected to operate the vehicle like an experienced driver. After completing this course, we hope that additional student/parent instruction and practice will continue as long as necessary to be prepared for today’s traffic conditions.

Hillcrest driving instructors are certified to give the written and driving examinations needed for a driver’s license. The student must be in good standing in terms of classroom work, attendance and behavior.
