Math teaches that there is a firm reason to believe that every problem has a solution!

Math is wonderful! In this course we will continue to focus on learning the core curriculum that has been established by the state of Utah. In terms you are more familiar with Math 2 mainly focuses on the topics covered in Algebra 2 and a little bit of Geometry.

**Grading**
Grades will be based 70% on student concept mastery on assessments and 30% of their grade will be based on assignments and preparation. Grades will be kept in Skyward.

**Late Work** will be accepted until the end of the current unit.

**Absent Work**
If you are absent it is your responsibility to get your missing work. You can come see me before or after school, during APP, or ask a friend in the class for a copy of the notes you missed. Copying anything other than notes is considered cheating and will not be accepted.

**Retakes**
Students learn at different rates and all I care about is that the learning happens. Students will be able to redo assessments and assignments to improve their score. It is your responsibility that you come in during APP for the retakes. You must complete the check list and conference with the teacher before you will be allowed to retake any tests. The teacher may limit the retake window based on content. No retakes are allowed on all finals. **No Extra Credit.**
Hillcrest High School Rules and Expectations

- Huskies always remove hats and follow the dress code.
- Huskies always eat lunch in designated areas and keep halls and restroom clean.
- Huskies always attend class on time, all the time, and never sluff.
- Huskies always show respect to and expect respect from all adults.

Follow the Rules to Earn Rewards

1. Positive note home.
2. Positive phone call.
3. Class rewards.

Consequences for Not Following the Rules

1. Verbal warning.
2. In class isolation.
3. Personal behavior contract.
4. Lunch detention and/or office referral.

If a student needs help following the class and school expectations, behavior contracts will be implemented. If the student doesn't meet the requirements of the contract, consequences will be lunch detention and/or administrative involvement.

Course Expectations:
This course is required to graduate from high school. To earn graduation credit, you must earn at least 60% in all four quarters. To ensure credit is earned, students are expected to:

- Be in class regularly and on time.
- Work with effort during each class session and in small groups.
- Use your personal technology appropriately.
- Be kind, respectful, and considerate towards the other members of the class and me. Just as I expect only the best from you, I want you to expect the best from me.
- Come for Academic Preparation Period if additional help is needed.
- A lot of material is covered in this course and it is crucial that students stay caught up on assignments. In order to master the Math 2 course material, students should be spending at least 20 minutes after school (per school day), AND at least 30 minutes every weekend, working on their Math 2 homework.

Homework should be prioritized in the following manner: Practice, reviewing notes, and test and quiz corrections

Students will need for class each day:

1. A binder to organize daily notes and assignments.
2. A pencil for daily quizzes, notes, and assignments.
3. Calculator. We have a classroom set of TI-84 calculators for your use but they must remain in the classroom. Desmos is available for home use as a phone app or online.
4. A red or blue pen for corrections.
We will not be using a course textbook. The binder you will create will hold everything you will need to complete coursework and study for quizzes and tests.

Students are expected to stay in the classroom for the entire period. Use of the hall pass will be for emergency situations only.

**Communication**
The best way for parents to reach Mr. Herlin is through district email.

**Procedure for test retakes**
Students wishing to retake a test must complete all assignments for the unit and discuss the test with the teacher before retaking the test. The test must be taken within one week after the original test has been corrected and recorded on Skyward.

Student Expectations:

- **Come to class on time.**
- **Get help when needed.**
  I am available during APP (Academic Planning Period) time. I am also available by appointment before school on Mondays, Wednesdays and Fridays from 7:00-7:45 AM, and after school every day. Students who need help or need to make up tests are expected to use this student support time.
- **Stay caught up.**
- **Pay attention and participate in class.**
- **Be respectful.**

Students enrolled in this class will be graded based on the following guidelines.

1. **Tests (70% of grade)**
   Two or three unit tests will be given each quarter. The material tested can come from anything prior to the test. However, the majority of the questions will come from the current unit. Cheating on tests will not be tolerated. Anyone caught looking at another student’s paper or using a cell phone during a test will receive a 0.
   Students may retake tests under the following conditions: All assignments from the unit must be completed and the test must be retaken within a week from when the original test is handed back. If a test is given during the last week of the quarter, it may not be retaken.

2. **Assignments (30% of grade)**
   Daily assignments will be given. All assignments for a given week will be turned in at the end of the week, usually on Thursdays or Fridays. However, students are expected to have their assignments completed each day. Students must show their work in order to receive credit. Students who want their assignments back after they have been handed in may pick them up from the baskets at the back of the room. Assignments that are more than a week late will
not be accepted without a legitimate reason. The reason for lateness must be written on the assignment.

Students are expected to take notes every day. The notes will include learning objectives, examples, sample problems, summaries, etc. Having good notes will be part of the assignment portion of the grade.

Students who miss assignments or tests due to absences must make up the work within one week of return in order to receive credit.

There is no extra credit.

Students and parents may communicate with the teacher through email.

Attendance Policy: This class will follow the school-wide attendance policy. The policy states that “if a student accumulates a total of 5 or more, absences + tardies, the student will receive no credit for the class.”
