DISCUSS *Important Student Issues*
TALK *To Parents Just Like You*
HEAR *Experts On A Range Of Topics*
GAIN *Valuable Parenting Advice*
SHARE *Your Thoughts And Feelings*
ENJOY *A Sweet Treat*

HUSKY STRONG Parent Meeting Topic Descriptions:

"Student Academic Success" (ROOM: AT 200) this workshop discusses effective ways to strengthen communication, track and monitor your student's attendance, grades, and academic progress. Learn how to manage features in Skyward, Canvas, and other electronic platforms to help build trusting relationships between parents, students, and teachers.

"Hanging Out & Hooking Up" (ROOM: A 106) this workshop will review the legal definitions for consent and discuss difficult situations that teens may encounter regarding consent. Parents will learn ways to help their teen set healthy boundaries, expectations, and how to engage their teen(s) to talk about relationships.

"Teens, Suicide and the Developing Brain" (ROOM: A 105) this workshop will introduce parents to the research showing how the adolescent brain develops and functions as it relates to depression and suicidal behavior.

"Communicating, Connecting & Accepting Your Teen" (ROOM: A 106) Parenting a teen can be challenging and frustrating, but it can also be enjoyable and fulfilling. Join us as we discuss effective ideas and strategies to help you communicate with your teen.

"Preparing for College" (ROOM: A 105) this workshop encourages families to discuss the importance of college with their teen. Parents review the importance of a student's grade point average, class rank, course sequence when applying for college and scholarships.

"Are You Smarter Than A Smart Phone?" (ROOM: A 106) this workshop discusses the definition of technology abuse. Parents will be given ways to protect themselves and their teens when on-line and when using other forms of technology. Parents will also be given suggested safe responses for handling technology abuse.

"Substance Abuse Prevention" (ROOM: A 105) this workshop promotes prevention of substance abuse among teens. Parents will discuss how to help their teens respond to alcohol, marijuana and other substance abuse.

"Gang Prevention" (ROOM: A 106) this workshop will define what a gang is, help parents recognize gang identifiers, and discuss the relationship between gang culture, violence and crime. Parents and guardians will learn methods of prevention, including overcoming communication barriers between teens and guardians, parental monitoring, and effective discipline.
